CUPS AND SHIELDS WON BY THE SCHOOL.

efforts. She had taken a great deal of trouble in order to make the play a success, and her efforts had been justified by the result. Swift also thanked Mrs. Russell for her kindness in coming to present the prizes, and then called for three cheers for Miss Webster and three for Mrs. Russell. They were of course given in true schoolboy fashion.

E. Copley then thanked the Sports Committee, on behalf of the school, for their trouble in collecting the prizes and arranging the events of the afternoon with such success.

The music was supplied during the evening by the Milton Orchestra.

The entertainment closed with the National Anthem.

RUGBY.

During the past season, under the able coaching of Mr. Asbley and Mr. Cranwick, great improvement has been shown in the play. Although only six members of the old team are in the new one, yet it can safely be said that the team was superior to the old one, if not the best the school has ever had.

We have been able this season, for the first time since 1914, to play a match nearly every Saturday. Last year we only played two matches against Plumtree and one against the Old Boys. This year we have been able to

arrange a match with the Queen's and B.A.C. Clubs combined practically every Saturday.

The season was opened with a match against the Old Boys, May 3rd. This was a hard match and at half-time the score was nil on both sides. In the second half, however, the weight of the Old Boys began to tell and the match ended in their favour.

Milton Team:—F. Dreyer, E. Raubenheimer, A. Brewer, F. Streak, and J. Hardman; P. Swift (capt.) and W. Streak; D. Penman (v. capt.), E. Frey, L. Elworthy, J. Cowden, G. Raubenheimer, L. Townsend, N. Rutherford and V. Ferreira.

School 0. Old Boys 9.

On May 10th, the school team played a team composed of Queens and B.A.C. players. Many of those against us belonged to the 1st League and the prospects of winning seemed very small when the team entered the field, as the school team was much lighter than that of their opponents. The footwork of the forwards, however, kept our opponents back, and the advantage of the game was with the School until the last five minutes. It was then that the Queen's got through, the result being a win for Queens'.

Although the School team lost this match, yet their play won back for them the reputation which they had before the war.

Milton Team:—F. Dreyer, E. Raubenheimer, A. Brewer, F.

Streak and J. Hardman; P. Swift (capt.) and W. Streak; D. Penman (v. capt.), E. Frey, L. Elworthy, J. Cowden, G. Raubenheimer, L. Townsend, V. Ferreira and N. Rutherford.

School 6. Queens' and B.A.C. 9.

On the following Saturday, May 17th, the School played a much weaker team of Queens' and B.A.C. combined. This time the ball was in the opposite half for most of the time, but the Queens' scored after several vain attempts of the School to break through.

Milton Team:—F. Dreyer, E. Raubenheimer, A. Brewer, F. Streak and J. Hardman; P. Swift (capt.) and W. Streak; D. Penman (v. capt.), E. Frey, L. Elworthy, J. Cowden, G. Raubenheimer, L. Townsend, V. Ferreira and N. Rutherford.

School 0. Queens' and B.A.C. 10.

After the 17th there were no more matches that term on account of the influenza epidemic. With the arrival of the new term, however, Rugby started afresh. A match against Queens' and B.A.C. second, on July 26th, resulted in a win for Queens', although the School team worked hard.

School 9. Queens' and B.A.C. 15.

On August 16th the School team again tried their strength against the same team as in the previous match, this time with a different result. The change was due to

the efforts of Mr. Ashley and Mr. N. Cranswick, who had coached our team in the meantime. The forwards, instead of keeping to the ball and trying to do all the work themselves, now passed back to their three-quarters who made some splendid rushes.

School 9. Queens' and B.A.C. 1.

On August 30th, the most exciting and difficult game of the season was played against the Bulawayo Juniors for the Junior Cup. The team against us was very strong, composed mostly of old Miltonians, who had been in our team before leaving school, and they were much heavier than our team. After the kick-off the ball stayed in the centre of the field for the first ten minutes and then was forced into the Junior's territory. After very noteworthy play among the three-quarters, a try was made, but we failed to convert it. After this the play became faster, but at half-time no more scores had been made.

At the beginning of the second half the ball was forced into our territory, and remained there for the rest of the game. The Juniors were trying their hardest and their weight was now beginning to have effect. Time after time the ball reached their three-quarters, but each time, either through a bad pass on their part or by a good tackle on ours, they were prevented from crossing the line. When the whistle blew, the score still remained three—

nil. If the game had continued much longer the issue would have been very doubtful, but, thanks to the hard playing of the Milton team, and the loud shouts of encouragement from the rest of the school, the match was ours.

School 3. Juniors 0.

The following Saturday, Sept. 6th, the first and second teams played the Plumtree teams, at Plumtree. As it was rumoured that the Cape train was coming in at 3 p.m., the second team played in the morning and the first at one o'clock, in the heat of the day. Owing to the heat the first game was somewhat slower than would have been otherwise. At the beginning the three-quarters did some fine passing, but failed to break through. The ball then remained near the centre of the field, and at half-time no one had scored. In the second half, despite the heat, the game became fierce, and we, with difficulty, scored two tries, both of which were not converted. It must be remarked that the Plumtree forwards, although a lighter lot, had the advantage over ours by their excellent footwork.

Milton Team:—F. Dreyer, E. Raubenheimer, F. Streak, S. Longden and J. Hardman; P. Swift (capt.) and W. Streak; D. Penman (v. capt.), E. Frey, L. Elworthy, J. Margolis, J. Cowden, L. Townsend, N. Rutherford, G. Raubenheimer.

PTE. HAROLD CHILD.

With the second team, the game was fast, and at half-time no points had been scored. After half-time, however, our weight began to tell, and two tries were scored, one of which was converted. At the close of the game G. Peiser kicked a drop-over from a considerable distance—a very fine performance.

Milton Team:—J. Lewis, W. Baggott (capt.), R. Huckle, B. Grill and G. Peiser; F. Drake and J. Smith; V. Ferreira, H. Lazarus R. Dicks, C. Wienand, A. Butcher, R. Stumbles, H. de Beer, and D. Battiss.

Milton 12. Plumtree 0.

Messrs. Ashley and Cranswick are both to be thanked and complimented for the able way in which they coached the first and second teams and made them so efficient.

LITTLE BIRD WHISPERINGS

The little bird whispers that—

I. T—was—nd states that Rasputin was shot by William le Queux.

II. Fr—y's French translation of "She will depart on Monday" is "Elle proficiscor Monday." Perhaps Zulu is more regular.

III. We must not be surprised at anything. Naturally we are not surprised when we hear that E. R-b-nh-m-r is a bit of an Irish humourist.

IV. Besides a "duck" we now have a "drake" at school.

V. The spirits of Matricites are frequently registered at "zero."

VI. L-z-r-s tells us that "commonweal" means something wrong with the public!

VII. A Debating Society member states that injections were used during the "flu" to prevent horse sickness!

VIII. The following is an extract from a contemporary magazine from an essay on "Camping,"—"The loveliest part of the sleeping was to be able to gaze at the stars," sounds wrong.

IX. That people who suffer from sleeplessness should attend Junior Literary Evenings.

X. R-th-rf-rd junior either has the makings of a scientist in him or is—a poet.

XI. M-r-g-l-s considers that he is meant to improvise electric fans when on the Rugby field.

XII. Fr-y once handed in more work than was required of him. We must register him as a record breaker.

XIII. We wonder what was wrong with Fr-y at the time.

The following is an "essay" on Bolshevism, written by one who evidently could improve upon the store of general knowledge:—

fortune to be a prisoner of war in Germany. During his internment there, along with another sub. and a colonel, he attempted to escape. They intended to make for Denmark. After having walked about 200 miles in a strange country, they were about 50 miles from the border, when the Colonel decided that it was no use going any further as they would only die of cold and starvation, so they gave themselves up to the Germans and were returned to the prisoners' camp where they were made to suffer for their indiscretion.

The Cadet Camp, which was to have been held at Gwelo, was cancelled on account of the influenza outbreak.

The following is a quotation from the "Bulawayo Chronicle" in connection with last show week:—"The Milton High School leads in woodwork, the articles including full-sized and highly-finished writing tables and desks, chairs, bookcases, and many other articles; several of the boys having earned high distinction."

On Empire Day the Town Council presented the School with £18. It was decided to devote this to the Library Fund, and as a result a large number of interesting and useful books have been added to the library.

The Editor acknowledges with thanks the receipt of the following contemporaries:—"Eveline Magazine," "Plumtree School Magazine," "The Hararian," "The Rhodian," and "The South African College School Magazine."

1914 F W Thomas, M.C., Croix de Guerre, 2nd Lieut. RFC, died of wounds

De Beer, Ricketts and Myburgh were Wit Scholars. Carnegie was a Beit Bursary holder and a Rhodes' scholar

Myburgh was one of three 'Myers' who attacked a vastly superior German squadron. He was the only one to bring his machine back, but died two days later of his wounds

Carnegie was gallantly leading on his men when he was struck by a machine gun bullet

John Janter Joss, Signaller, RFA, 51st Highland Division, who was reported missing on March 21st, last year, is now reported as killed in action. Signaller Joss was at an advanced observation post with another signaller. In his account of what happened the latter states that a number of Germans came upon them and both made for their lines, but a machine-gun was turned upon them, and Signaller Joss fell. His companion managed to reach a gully, where he lay until evening, when the Germans took him prisoner. As he was marched off he passed the spot where Joss lay, and saw he had been pierced through the temple by a bullet. The late John Joss was 21 years of age and had been two years' active service.
