Ἀνδριζοθε

Here is no ancient pile all stained and scarred
By centuries of rain and blasting storm,
Yet in the few short years since thou wast born,
No backward look thy spreading fame has marred.
North went thy sons when jealous races warred,
Died at Latema, and 'mid Flanders' corn,
While Achi Baba grim old battle won
O'er Milton graves eternally keeps guard
Proud were the man whose noble name you bear
Could he behold the inmates of your walls.
O'er half a continent thy summons calls
Fathers to place their sons in Milton's care,
Throughout this land thy cry rings loud and long,
"Oh, quit yourselves like men. Be strong, be strong!"

EDITORIAL.

An apology is due to subscribers to the magazine for the long time that has elapsed since the publication of the last issue. It is felt, however, that the three-term year necessitates an alteration in the date of publication and in future the magazine will be published twice a

year, at the end of the cricket season, and at the end of the rugby season.

The School is at the moment passing through a transition period and numbers have dropped somewhat, due we feel to two causes—the raising of boarding fees and the opportunity afforded for boys to pursue vocational courses elsewhere. The effects of both, how-

RUGBY NOTES.

With only three of last year's fifteen in school prospects for 1931 did not, at the beginning of the season, seem particularly bright, but under the captaincy of R. A. G. Stupart a very useful team was built up whose record compares very favourably with that of any team of the past.

The success of the team has been due in no small measure to the pack—though light their play in the loose, their clever short passing and their general combination have won the admiration of all who have seen them play.

The backs were not up to the standard of the past, though individually all played well at times.

Characters of the XV.

F. PAYNE.—A full back of promise. Was inclined to open nervously, but once he had settled down played some splendid games. A fine tackler.

R. PETHERAM. — A sturdy wing, full of dash and determination, who never once let the side down. Awarded an honours cap.

A. SANDERSON. — As a centre was the find of the season. A strong runner with an eye for an opening and a good break. With experience should do well.

H. STREAK.—Rather to orthodox—a good tackler.

J. MELTZER.—A wing of promise, with a fine turn of speed—should be very useful next year.

P. PITMAN. — Deputised for Meltzer in the last three matches—lacks the necessary dash for a wing.

G. BURNE. — Vice-Captain. A fly half with plenty of football sense. A fine kick with either foot. Awarded an honours cap.

M. KELLY.—Played some very plucky games at the base of the scrum—got through an enormous amount of hard work.

R. A. G. STUPART. — Captain—as good a forward as the school has ever turned out. A line scrummager, splendid in the line out and always on the ball. Honours cap, 1930.

A. RALSTEIN.—A splendid loose forward whose ball control was really excellent. Always dangerous with the ball at his feet. Might have pushed harder in the scrum. Awarded an honours cap.

C. VOGEL.—A fine hardworking forward who was always in the thick of things.

A. KING. — A bustling forward who seldom slacked. Should develop into a really fine forward.

R. BRISTON.—The hooker who did very well in spite of the lack of weight behind him.

M. HEFM.—Probably the most improved forward in the pack, considering that last year he was not even in the 3rd XV.

A. FLOWERDAY.—A light but hard working forward who fully justified his place in the team.

F. GREENWELL.—A promising forward who worked hard.

It is difficult to single out the forwards for, as mentioned above, the secret of their success was a perfect understanding and unselfish combination.

Results.

May 30th vs. B.A.C. II, lost 3—7.
 June 6th vs. Raylton II, drew 0—0.
 June 13th vs. Raylton III, won 6—0.
 June 20th vs. Plumtree, drew 9—9.
 June 24th vs. Technical, won 35—3.
 July 8th vs. Plumtree, won 8—0.
 July 17th vs. Old Miltonians "A,"
 won 18—16.
 July 25th vs. Plumtree, won 16—6.
 August 1st vs. Raylton II, won 18—0.
 August 15th vs. Prince Edward's,
 won 14—8.
 August 21st vs. Selukwe, lost 5—14.
 August 23rd vs. Gwelo "A," won
 5—3.

37th Plumtree Match.

June 20th, B.A.C. Ground,
 Drawn 9—9.

The first meeting with our great rivals provided some splendid football. Our forwards dominated the game until the last quarter of an hour when Plumtree's weight told and it became obvious that our forwards could not stand the pace. At one time it looked as though we should have an easy victory, but Napier's clever individualism combined with our forwards lack of fit-

ness saved the game for our opponents. Napier's conversion from a difficult angle in the last minute of the game was a great kick. As long as our pack stuck the pace they gave a fine display of hand to hand passing and combination in the loose.

This was the first round of the Honey Cup competition.

38th Plumtree Match.

July 8th at Plumtree, Won 8—0.

This was the Honey Cup replay and the first Haddon and Sly Cup match. The game was on the whole featureless except for the fact that our forwards this time lasted to the end of the game and more or less controlled it. The absence of Napier was a serious loss for Plumtree, but as it was mostly a forward game it is doubtful whether his presence would have turned the scales in Plumtree's favour.

39th Plumtree Match.

July 25th, B.A.C. Ground,
 Won 16—6.

This match was won in the first quarter of an hour of the game when as a result of a succession of bewildering attacks the school was 13 points up. Thereafter the game developed into a dogged struggle in which we for the most part held the territorial advantage.

As a result of this victory we retained the Haddon and Sly Cup—a happy celebration of the fact that July 25th was the School's 21st Birthday.

The Honey Cup Final vs. Prince Edward School.

August 15th, B.A.C. Ground,
Won 14—8.

The football in this match was not up to the standard of the Plumtree matches. Prince Edward won most of the tight scrums, but their backs were too orthodox. In the loose our forwards were again prominent and taking advantage of all opportunities we ran out winners by 14 points to 8 points, thus retaining the Honey Cup.

The Midlands Tour.

At the end of the term the 1st XV travelled to Selukwe and Gwelo to play their "A" teams.

Thee Selukwe XV were far too heavy for us and won deservedly by 14 points to 5 points.

In the Gwelo game the sides were more evenly matched and we won what was mostly a forward game by 5 points to 3 points.

We should like to thank the people of Selukwe and Gwelo for the hospitality showered upon our boys who look back upon the trip with great pleasure.

2nd XV vs. Chaplin, draw 11—11.
vs. Plumtree, lost 16—3.
vs. Plumtree, lost 6—0.

3rd XV vs. Plumtree, lost 22—3.
vs. Plumtree, lost 14—8.
vs. Tech. II, lost 3—0.

Under 15 vs. Plumtree, draw 6—6.
vs. Plumtree, lost 9—0.

The Second and Third XV's were light teams, but contain some excellent material and prospects for next season are very bright.

R. A. G. Stupart, G. Burne and R. Petheram were selected to represent Matabeleland in the Junior Inter-Province match against Mas-honaland.

Honey and Haddon and Sly Cup Competitions.

The School's record in these competitions is a proud one and the 1931 XV lived up to the best rugby traditions of the past.

The Haddon and Sly Cup has been competed for since 1911 by Plumtree and ourselves, since which time the school has lost possession of it on only three occasions.

The Honey Cup Competition, open to all Rhodesian Schools, has been played for since 1922—we have held it for seven of the ten years of its existence.

We publish elsewhere a summary of all matches played in these competitions.

A MILTONIAN LOOKS AT PARIS.

The first thing to strike my attention in Paris was the mad way in which the taxi drivers career about the streets. As we came from the station my driver only narrowly averted three collisions and leaned out of his window on each occasion to gnash his teeth and hurl vulgar abuse at the other man. He subsequently meted out the same treatment to me when the tip did not quite coincide with his hopes.

While I am on the subject of transport it may be observed that the buses are of the most antiquated description. They are like ante-diluvian monsters, but not so well upholstered, and, as many of the streets are paved with stone blocks, the vibration is nerve-shattering.

I spent an afternoon wandering, literally for miles, through the galleries of La Louvre. The treasures it contains are so diverse and

so numerous as to defy all attempt at description, but one thing I may mention. This is the vast space given over to a collection of models of ships of every conceivable kind and shape, from ancient galleys to modern liners, from Coracles to Chinese junks. This collection puts to shame anything possessed by England, the mistress of the seas.

I had time to walk through the Jardin de Tuilleries, and along the Champs Elysees before nightfall when, tired and hungry I sought out a restaurant in a back street. As economy was an urgent consideration the one I chose was of the prix fixé variety. For six francs (one shilling) one could get a four course meal with a bottle of wine, beer or cider, "Pain a discretion" and "serviette compris." The man next to me used his to wipe his knife, fork and glass, and when I saw the mark they left, I did the same. The menu was not elaborate and included some remarks which so tickled me that I smuggled by menu away. I append one of the items:—

BACK-TOWN ON THE HIGHVELD.

Into the haze the thorned trail runs
Twixt ocean and Northern Star;
Where, faint from the clasp of the
passionate suns,
The trees of Back Town are;
And, sick by day, and dazed by
night,
A witless upland wind
Babbles of clouds and the buzzard's
flight,
And the gold no man shall find.

The bearded Back-Town men are
tall;
They see as an eagle sees;
The lonely skies, the quiet on all,
The desert mysteries—
Have steeled the eye and set the
mouth
On things nor God may see—
But when the wind is in the South
They'll swear they smell the sea ...

For hearts that hold the sea are like
The shells that hold her sound:
(And a wind's a Moses' Rod to
strike
Strange waters from the ground,
And ships that leave the harbour
mouth
For wild, unending seas . . .)
When the wind thunders from the
South,
There is no rest for these . . .

—Dean Wickman, O.M.

CRICKET NOTES.

From the point of view of winning matches last season has not been a very successful one. At the beginning of the year there were only five of the XI at school and a great amount of team building had to be done.

However, there is excellent material in the school, particularly among the juniors and prospects for the future are very bright.

The school entered an Under XV side in the local Junior League for the first time and they were only beaten once.

The 3rd XI was the only side to register a victory against Plumtree to whom we tender our congratulations on their series of successes.

The 1st XI, under R. A. G. Stupart, were twice defeated, the first time decisively and the second time only after a very gallant struggle. Although beaten we put up several very creditable performances. F. Payne and C. Ingram's batting was a feature of the first game, while in the second match Payne again distinguished himself, and the bowling of Hesdon and Burne in Plumtree's second innings was splendid.

The First Plumtree Match.

On the School Upper Field, Friday and Saturday, 27th and 28th February.

Owing to various circumstances no match against Plumtree took place during the first half of the

season, so two were played in the second half.

Before the first match was played the school had won fifteen matches and Plumtree fourteen, so excitement ran high in anticipation of a great fight.

Plumtree won the toss and batted, making a fine start, the first wicket falling at 64. Two wickets were down for 75, and then followed an excellent partnership between Wilmot and Ledeboer who took the score to 211 before being separated. Ledeboer's 76 was a very attractive knock. Wilmot went on to make his century. The remaining batsmen found no difficulty in scoring and eventually Plumtree declared at 323 runs for six wickets, a record score for these matches.

Faced with this large total the School failed badly and were all out for 121 runs, Streak making top score (23). In the follow on we fared almost as badly, four wickets being down for 55 runs. Then followed a fine partnership between Payne (51) and Ingram (49), while some vehement wagging by the tail just failed to avert the innings defeat. Plumtree gaining a well deserved victory by an innings and two runs.

The Second Plumtree Match.

On Plumtree Lower Field, Friday and Saturday, 13th and 14th March.

The School batted first and were dismissed for the very disappointing score of 79, Stupart, Dennison and Burne being the only batsmen to make any sort of a showing against the Plumtree bowling.

Plumtree's first innings closed at 192, Ledebøer (49), McNulty (42) and McAdam (29 not out) being the chief contributors.

A feature of our second innings was a fine 53 by Payne, his being perhaps the best innings of the match. Apart from Ingram (23) our batsman again failed and the innings closed at 150.

As Plumtree had only 38 runs to make to win it looked as though we would again be heavily defeated, but the fine bowling of Burne and Hesom caused a sensational collapse in Plumtree's second innings. With seven wickets down for 25 runs, it looked as though anything might happen, but Crowther and Davidson managed to knock off the necessary runs to give Plumtree their second successive victory, this time by three wickets.

Burne and Hesom are to be congratulated on their inspired bowling which so nearly snatched an unexpected victory for us.

The Old Boys' Match.

On the Upper Field, March 29th.

A very pleasant afternoon's cricket was provided by the Old Boys' match, which the former, led by Jock Thompson, won by 31 runs. The School batted first and were dismissed for 115, Payne (36) and Stupart (20) being in good form.

The Old Boys' were dismissed for 146, a very creditable performance considering their batting strength.

STAFF ROOM GOSSIP.

We have recently had to say goodbye to several of the staff—J. A. Mather who is Acting-Head of Umtali Public School, T. Mitchell now at the Junior School, E. C. Hobraugh who left us to join the Technical Staff, W. H. Leonard who went to Que Que and H. B. Dugmore who is up at Oxford.

In their places we welcome P. Coleman, G. E. Caswell, G. Gardener; E. C. Smith is deputising for J. A. Robinson who is enjoying a well-earned leave in the Old Country.

A welcomed move was made this term to the new staff room, where

TENNIS NOTES.

The 1930 School Championships now seem a thing of the dim past, but as the first of what we hope will be a long and successful series, they are worthy of some comment. The standard of tennis was quite creditable, but there was a lack of general interest, particularly in the finals, which were well worth watching. It is to be hoped that this year they will prove a great attraction, especially if held before the holiday fever has gripped everyone. Last year Ross and Price won the Doubles Championship by defeating Sanderson and Dennison in the finals in three straight sets. Ross also won the Singles Championship, in the final of which Price put up a very plucky fight, although handicapped by an injured arm.

We are very much indebted to Mr. Andrew Ross who gave the team regular practice at the B.A.C., and to over a dozen other Bulawayo tennis players who have given up their spare time to play against the school. Against a Banks side the school lost, but only by 51 games to 66, which was a good performance against experienced players. In this match Ross and Price played particularly well, winning 22 games to 17 lost.

A Junior Tournament has shown that there are some very keen and useful players coming on. Lloyd and Hallauer had a great struggle before beating Baker and Baker in the doubles final, whilst in the sing-

les Loewenson proved too steady for Johnstone. This term there will be regular practice and coaching for any keen juniors who want it.

On July 4th a friendly match was played against Plumtree, but owing to their late arrival, due to car trouble, no definite conclusion was reached, but a very interesting afternoon's tennis was enjoyed.

Although the school did not do well in Salisbury at the Junior Championships the team was by no means disgraced and with the material available should do very much better next year. Price played very well to reach the finals in the singles championship.

SCHOOL DANCES.

An enjoyable feature of the school's social activities this year have been the dances with the Eveline School.

The dance in the dining hall at the end of 1930 was a very successful function. In the following term a delightful evening was spent at the Allan Welsh Hall when we were the guests of the Eveline School.

On the King's birthday, June 3rd, an afternoon's tennis was followed by an informal dance in the dining hall.

Finally, on the occasion of the visit of Prince Edward School 1st XV for the Honey Cup final, a dance was held in their honour, while the Eveline girls were once more our charming guests.

The success of these functions was evident from the loud applause on each occasion for the Headmaster Mrs. Livingston, and Miss Burnet, and for all those responsible for the arrangements.
